

## Our Story

***In March 2019 a husband bought his wife a little takeaway pizza shop as a surprise to encourage her to follow her foodie dream & the rest is what dreams are made of.***

Long time locals Lance & Bec Laws are proud of the business they have created and are humbled by the local support they have received. Together with their amazing team they pride themselves on offering a range of delicious gourmet pizzas with the best selected ingredients.

***'We love how food brings people together and love the idea of people enjoying a meal together creating valuable memories.'***

Bec thinks outside the square and loves to experiment with different flavour combinations. She loves what she does & that's evident in the pizzas.

Pilot Station Pizzas name represents the significance of the State Heritage listed Pilot Station which their first shop was located directly opposite. They quickly outgrew that shop and moved to The Costa Rica Motel complex in September 2020 enabling them to diversify into dine in. The evolution of this business continues & we look forward to the continued expansions planned that will provide South West Rocks with a relaxed venue for everyone to enjoy all year round.

***Thank you for choosing to dine with us.***
